

## Order process & Drop shipment

Would you like to order IXXIs? Send an e-mail and we will process the order for you. The minimum order quantity is three items and the following conditions apply:

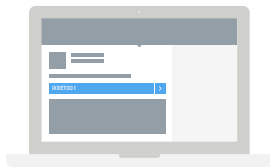

- A standard purchase discount of 55%;
- You pay by invoice;
- Your IXXIs come in a unique gift box packaging.

Would you like to order one or two IXXIs or use drop shipment? You can do this quickly and easily in 4 steps on [www.ixxiyourworld.com](http://www.ixxiyourworld.com) ;

1

Search for the IXXI you want by using the article number in the search bar, then choose the correct size and place it in your shopping cart. Complete your order.

2

In the shopping cart, enter your personal RET code in the 'gift code' field. Your discount will be calculated automatically.

3

Enter the invoice and delivery address. If you want to have the IXXI delivered directly to your customer, enter his/her details for the delivery address.

4

Choose a payment method and checkout.

As soon as the order is sent, you will receive an email with the track & trace details for the shipment.

These are the conditions if you place an order via the webshop:

- A purchase discount of 35% with your personal RET code. You can request this personal code from the following address: [business@ixxiyourworld.com](mailto:business@ixxiyourworld.com)
- You pay the shipping costs for each order. The costs can be found [here](#).
- You pay online and receive an order confirmation, which is also your invoice. You create a new invoice for the customer that shows the RRP and shipping costs that we also charge in the webshop.

Caution! This is a separate process and cannot be combined with regular orders (MOQ 3 items).

Good to know:

- Tip 1** When you create an account, your billing address will be entered automatically during the ordering process
- Tip 2** If you want to order an IXXI that is not in the retail collection, you can also place your order in this way. Customised IXXIs cannot be returned. See the general terms and conditions on the site.
- Tip 3** It is possible to pay by invoice. We will create a pro forma invoice of €250 for you. Once your invoice has been paid, you will receive a code that you can use to complete your order in our webshop. You can continue ordering until the amount is spent.
